

Trägerplatte WT 2, Stahl 4,8 mm, 320x320 mm, KTL-beschichtet - Bosch Rexroth 3842174331

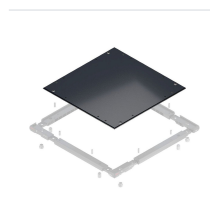

Item no. BRR-3842174331 **Manufacturer** Bosch Rexroth

Manufacturer no. 3842174331

The carrying plate forms the load-bearing base plate for self-assembly of WT 2 workpiece pallets. It is made of 4.8 mm steel, KTL-coated and completely pre-drilled for direct assembly. It combines with the frame modules and fastening elements of the WT 2 system.

TECHNICAL DATA

Article authenticity	Original product
Condition of article	New
Country of Manufacture	Germany
ESD-Ausführung	TEC
Weight	0.0099 kg
Zolltarifnummer	84879059

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The carrying plate is the load-bearing base plate for self-assembly of workpiece pallets in the WT 2 transfer system. It is aimed at system builders and maintenance teams who configure workpiece pallets individually from frame modules and fastening elements.

- Completely drilled and ready for assembly
- Steel, 4.8 mm thick, KTL coating for corrosion protection
- Can be combined with frame modules of the WT 2 workpiece pallet
- Drilling plans for identification and data storage systems in the RFID systems catalog
