DESCRIPTION

The Bosch Rexroth leveling foot D90 is used to set up, align and level profile frames, machine bases and workstations. The swivelling foot plate compensates for uneven floors, while the M16x145 threaded stud allows continuous height adjustment over an 80 mm range. The ESD version dissipates electrostatic charges and is suitable for electrostatic protected areas (EPA).

- Swivelling foot plate to compensate for uneven floors
- High load rating up to 20000 N per foot
