DESCRIPTION

The protective box SK2/B 160x240 is a component for the lift-transverse units of the Bosch Rexroth TS 2plus transfer system. It covers mechanical parts in the transverse transport section and protects them against contamination and mechanical impact. Suitable for system integrators and maintenance teams who need to enclose lift-transverse unit components.

- Sturdy housing made of anodized aluminum and PA 66
- Size 160x240 mm
- Matched to the lift-transverse units of the TS 2plus
