DESCRIPTION

The SK2/B protective box is a housing element for the lift-transverse units in the cross transport of the Bosch Rexroth TS 2plus transfer system. It encloses the lifting and drive mechanism of the transverse unit and reliably protects it against contamination and accidental contact. Suitable for building and maintaining TS 2plus cross-transport sections.

- Housing element for the lift-transverse units in the cross transport
- Body in anodized aluminum, cover in PA 66
- Outer dimensions 320 x 240 mm
