## STANDARDS & COMPLIANCE

**ESD safe**

## DESCRIPTION

The protective box SK2/B 400x320 is a housing element for the lift-transverse units of the Bosch Rexroth TS 2plus transfer system. It encloses the transverse transport components and reliably protects them from contamination and mechanical damage. Intended for design engineers and maintenance staff in automated workpiece transport.

- Housing made of anodized aluminum and PA 66 for high durability
- 400x320 mm size matched to the lift-transverse unit
- Black finish, durable and easy to maintain
