DESCRIPTION

The SK2/B protective box is a housing element for the Bosch Rexroth TS 2plus transfer system. It covers the lift-transverse unit components in the cross transport in the 480x320 mm format and is intended for system integrators and maintenance staff who need to enclose the cross transport cleanly.

- Housing made of anodized aluminum and PA 66 for lasting durability
- Black finish that matches the TS 2plus system range
- Shields the lift-transverse unit components from contamination and unintended access
