

Greifbehälter GB-0805 ESD, ABS schwarz, 82 x 50 x 173 mm - Bosch Rexroth 3842346280

Item no. BRR-3842346280

Manufacturer Bosch Rexroth

ESD-safe grab container made of black ABS for easy presentation of small parts at the workplace. The conductive design protects electrostatically sensitive components from discharge. Suited to ESD workstations in manual production systems.

TECHNICAL DATA

Ausführungsklasse	ESD (antistatic)
Colour	Black
Country of Manufacture	Germany
Weight	0.1 kg
Zolltarifnummer	39231090

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The GB-0805 ESD grab container from Bosch Rexroth provides a clear and easy-to-reach supply of small parts at manual assembly and order-picking stations. The open front allows fast removal of parts.

- Conductive ABS design protecting electrostatically sensitive components (ESD)
- Capacity of 370 cm³ for small parts and standard components
- Robust, dimensionally stable construction for continuous use
