

Greifzunge GB-Z12 ESD, ABS schwarz, 1050 cm³ - Bosch Rexroth 3842346291

Item no. BRR-3842346291

Manufacturer Bosch Rexroth

Conductive gripper bin in black ABS for presenting small parts at manual assembly workstations. The open, angled pick side allows ergonomic one-hand access, while the ESD properties protect electrostatically sensitive components.

TECHNICAL DATA

Ausführungsklasse	ESD (antistatic)
Colour	Black
Country of Manufacture	Germany
Weight	0.2 kg
Zolltarifnummer	39269097

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The GB-Z12 ESD gripper bin tongue from Bosch Rexroth is a conductive parts container for the orderly presentation of small parts at manual assembly and order-picking stations. The forward-open, angled pick side allows fast, ergonomic part removal.

- Conductive ESD design to protect electrostatically sensitive components
- Sturdy housing made of impact-resistant ABS
- Open gripper tongue for ergonomic one-hand picking
- 1050 cm³ capacity for small parts
