TECHNICAL DATA

Country of Manufacture	Turkey
Lenght	20 mm
Weight	0.012 kg
Zolltarifnummer	40169997

DESCRIPTION

This rubber bumper serves as an elastic end stop in aluminium profile structures within assembly technology. It cushions moving components on impact and protects both the profile and the workpiece from hard knocks. It mounts via the M6x10 threaded stud in combination with an M6 T-nut.

- elastic rubber stop with 55 Shore A hardness
- mounting via M6x10 threaded stud
- compact 20 x 20 mm body for slotted profiles
