DESCRIPTION

The T-slot nut 8 M6 from Bosch Rexroth is used to fasten connecting and add-on elements into aluminium profiles with slot 8 after assembly. It is inserted into the profile slot and provides stable, releasable bolted connections at any point along the profile.

- M6 thread for common connecting elements
- Steel, galvanized - corrosion-protected and load-bearing
- High groove retention up to 6000 N
- A spring is required to secure the position
