## DESCRIPTION

The 30x30 R strut profile from Bosch Rexroth is an aluminium framing profile for the modular construction of racks, frames and machine enclosures in assembly technology. It forms the load-bearing structure for workstations and equipment.

- 30x30 R cross section for torsion-resistant, load-bearing frames
- Joined using standard or Quick & Easy profile machining
- Matching cover caps for clean profile ends

## TECHNICAL DATA

|                |                       |
|----------------|-----------------------|
| Profile type   | Strut profile 30x30 R |
| Material       | Aluminium             |
| Cross section  | 30 x 30 mm            |
| Length         | 5600 mm               |
| Packaging unit | 20 pieces             |

**Profile machining**  
**Threaded connection**  
**Cover cap signal grey**  
**Cover cap black**
