

Gewichtsausgleich Seilzug für Hubtüren, nichtrostender Stahl, Nut 10 - Bosch Rexroth 3842518798

Item no. BRR-3842518798

Manufacturer Bosch Rexroth

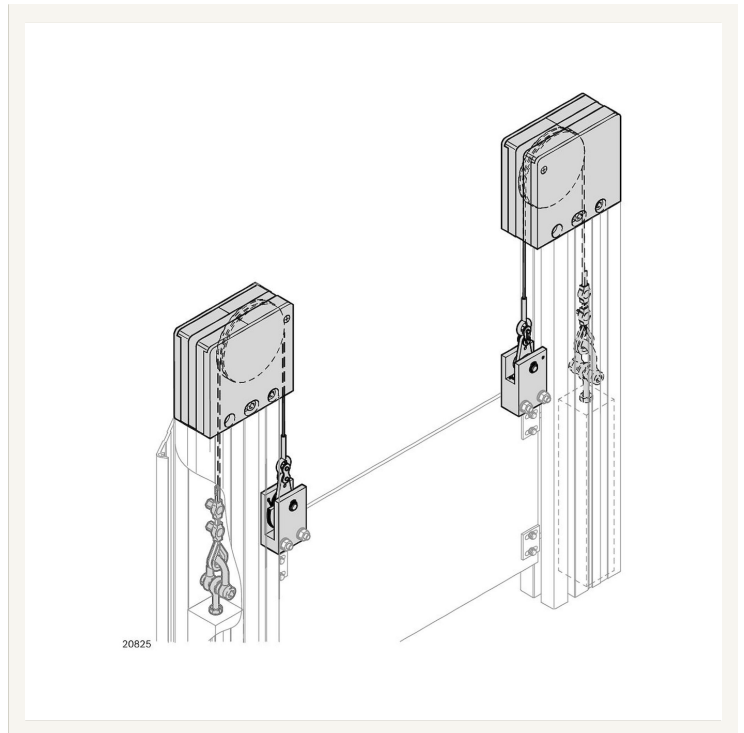

Counterbalance control cable for vertical lifting doors, made of stainless steel. Combined with a deflection pulley and counterweight, it enables low-effort opening and closing. The counterweight is individually adjustable and preferably guided in a cable duct.

TECHNICAL DATA

Country of Manufacture **Germany**

Weight **0.146 kg**

Zolltarifnummer **73121049**

DESCRIPTION

The Bosch Rexroth counterbalance control cable is part of the lifting-door counterbalance system. Together with a deflection pulley and a counterweight, it enables low-effort opening and closing of vertical lifting doors. It is intended for designers of safety enclosures and machine frames built from aluminium profile systems.

- Counterweight individually adjustable, preferably guided in a cable duct
- Cable length can be adjusted
- Service life of 50,000 actuations
- Corrosion-resistant stainless steel

Fit lifting doors with a redundant back-up fall arrestor (safety catch) in accordance with Machinery Directive 2006/42/EC. Observe the enclosed data sheet before installation and use.

TECHNICAL DATA

Feature	Value
Material	Steel, stainless
Profile slot	10
Weight force FGmax	250 N
Profile machining	M12 for fastening the deflection block

Feature	Value
Service life	50,000 actuations
Packaging unit	1
Weight	0.146 kg
Required accessories	Counterbalance weight (square profile 35x35 mm)
Recommended accessories	Cable duct 45x45 (3842549896)
