TECHNICAL DATA

Article authenticity	Original product
Condition of article	New
Country of Manufacture	Germany
Weight	39 kg
Zolltarifnummer	76042100

DESCRIPTION

The LF12C clamping profile is a base component of the Bosch Rexroth LF12C roller guide and is used to locate and clamp the guide components within the profile assembly. It is intended for design engineers and machine builders in assembly and linear technology.

- Profile in anodized aluminum, corrosion resistant and dimensionally accurate
- Profile slot 10 for compatible connection in the slot system
- Standard length 3000 mm, supplied as a packaging unit of 20 pieces
