ESD safe

## DESCRIPTION

The PVC protective pane profile holds and secures protective panes in strut profiles with slot 8 and slot 10. It is intended for designers and fitters building safety enclosures, partitions or visual screens at assembly workstations and machines.

- Accepts pane thicknesses from 1.5 to 8 mm
- Suitable for profile slot 8 and 10
- Tool-free assembly by clamping into the slot
- Signal gray (RAL 7004) for a consistent appearance
