

# Federzug G1/4 für Druckluftwerkzeuge, Traglast 1,2-2,5 kg - Bosch Rexroth 3842520056

Item no. BRR-3842520056

Manufacturer Bosch Rexroth

Spring balancer with G1/4 connection that offsets the weight of pneumatic tools at the workstation. It keeps tools in the 1.2 to 2.5 kg load range within easy reach and feeds compressed air through the integrated connection hose. Ideal for ergonomic tool and parts provisioning in manual production systems.

## TECHNICAL DATA

| Weight                 | 1.772 kg |
| Zolltarifnummer        | 84289090 |

## DESCRIPTION

This Bosch Rexroth spring balancer offsets the weight of pneumatic tools and keeps them ready to hand above the workstation. It relieves the operator during repetitive assembly tasks while supplying compressed air to the tool through the G1/4 connection.

- Weight compensation across a 1.2 to 2.5 kg load range
- Retractable cable up to 1350 mm for a wide working radius
- Integrated G1/4 connection hose for the compressed air supply
- Safety wire included in the scope of delivery
