

Flanschplatte 90x90, Aluminiumdruckguss, Nut 10 - Bosch Rexroth 3842523098

Item no. BRR-3842523098

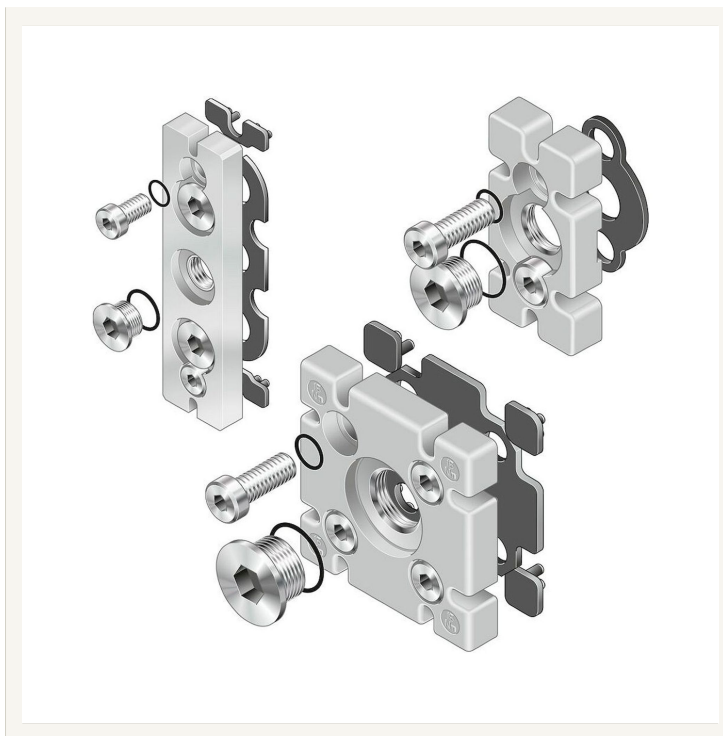

Manufacturer Bosch Rexroth

Flanged plate 90x90 in diecast aluminum for sealing the hollow chambers of aluminum profiles. This lets the profile serve as a compressed-air lead, and as an air intake or discharge once the screw plugs are replaced by pneumatic fittings. Suitable for light profiles 90x90L and 90x180L.

TECHNICAL DATA

 Country of Manufacture **Germany**

 Weight **0.474 kg**

 Zolltarifnummer **83024900**

DESCRIPTION

The flanged plate 90x90 seals the ends of the hollow chambers of aluminum profiles, allowing the profile itself to be used as a compressed-air lead. When the screw plugs are replaced by pneumatic screw fittings, it serves for compressed-air intake or discharge. It is intended for designers and assemblers working with profile structures.

- Seals the five hollow chambers and turns the profile into a compressed-air lead
- Air intake or discharge after replacing the screw plugs with pneumatic fittings
- Profile finishing: M12 thread cutting in the central holes
- Corrosion-resistant diecast aluminum build with NBR seal

TECHNICAL DATA

Material	Diecast aluminum
Seal	NBR
Fastening material	Steel, galvanized; 4x cylinder head screw DIN7984-M12x30
Profile slot	10
Max. pressure (pmax)	8 bar
Suitable for	Light profiles 90x90L and 90x180L
Scope of delivery	Incl. fastening material (FS), 4x spacer, screw plug, seals

Packaging unit	1
Weight	0.474 kg
