

Bausatz Schiebetür ohne Überbau, EcoSafe-Schutzrahmen B2000 - Bosch Rexroth 3842524166

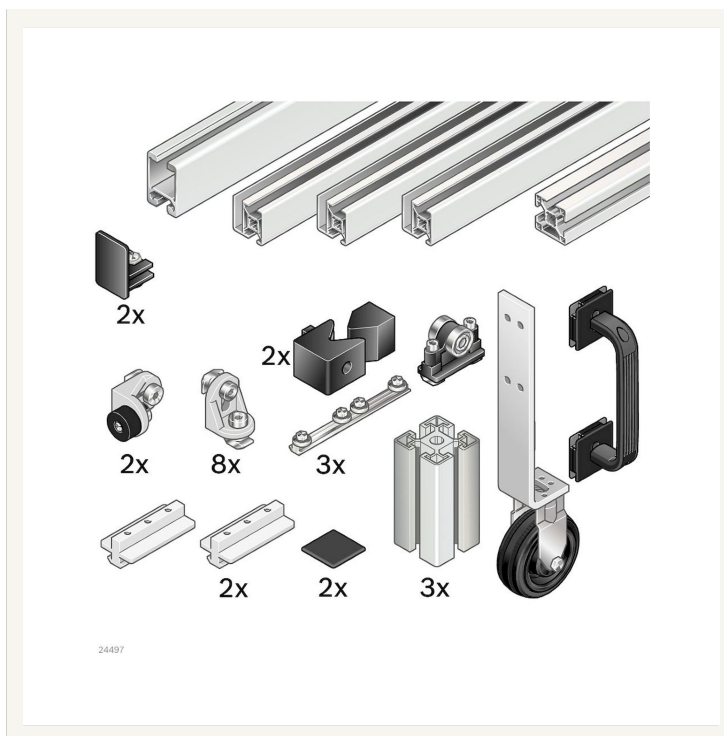

Item no. BRR-3842524166

Manufacturer Bosch Rexroth

Assembly kit for building an EcoSafe sliding door without superstructure in the modular dimension system. A finished protective frame is used as the door element. Rollers with ball bearings give smooth running, and the door can open to the left or right.

TECHNICAL DATA

Country of Manufacture	Germany
Weight	17.5 kg
Zolltarifnummer	76101000

DESCRIPTION

This assembly kit is used to build an EcoSafe sliding door without superstructure in the modular dimension system. A pre-assembled protective frame serves as the moving door element. It suits designers and maintenance staff who need a movable access point in machine guarding.

- trolley with ball-bearing rollers for smooth running
- suitable for doors that open to the left or right
- also available with leg sets in 45x90L profiles for more stability
- requires a matching protective frame as the door element

TECHNICAL DATA

Width of protective frame [B]	2000 mm
Height of protective frame [HR]	1800 mm
Weight	17.5 kg
Packaging unit	1
Required accessories	Protective frame
