

Werkstückträger WT 1/K 120x120, ESD, Vollkunststoff PA 66 - Bosch Rexroth 3842527123

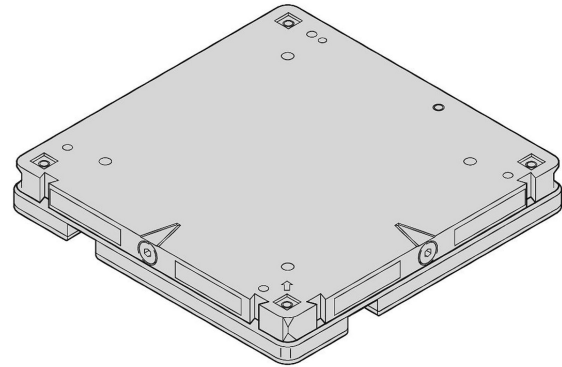

Item no. BRR-3842527123

Manufacturer Bosch Rexroth

The WT 1/K 120x120 workpiece pallet is a particularly lightweight full-plastic design made of polyamide (PA 66) with ESD properties and ISO class 7 cleanroom suitability. Its low tare weight of 0.135 kg allows a high usable payload at an admissible contact area weight of 2.2 kg. The double-sided prism slot enables positioning in the positioning unit PE 1/P.

ESD safe

DESCRIPTION

The Bosch Rexroth WT 1/K 120x120 workpiece pallet is a particularly lightweight full-plastic design made of polyamide (PA 66) for transport and simple positioning tasks on manual and semi-automated assembly lines. Its low tare weight provides a high usable payload for the workpiece and its fixture.

- ESD-capable and suitable for ISO class 7 cleanrooms
- Double-sided prism slot for positioning in the positioning unit PE 1/P
- Replaceable outer sole made of polyamide (PA 66)
- Mounting option for mobile data tags ID 15, ID 40 and ID 200
- Supplied fully assembled

Note: Use with the lifting and positioning unit HP 1/P is not possible.
