DESCRIPTION

The Bosch Rexroth plain washer 50x50 mm serves as a spacer and leveling element under square feet in aluminium profile and assembly structures. It compensates small height differences and enlarges the contact area on the floor. Made of stainless spring steel with 1 mm material thickness.

- Square 50x50 mm shape matching square feet
- Stainless spring steel for durable use
- Low 1 mm height for fine leveling
- Supplied as a packaging unit of 100 pieces
