## STANDARDS & COMPLIANCE

**ESD safe**

## DESCRIPTION

The GN300-45-M6-40 clamping lever is used to clamp and fix flexible holders for side guides in the VarioFlow plus chain conveyor system without tools. The adjustable lever can be lifted off and repositioned, so the clamping angle is reachable even in confined spaces.

- Tool-free clamping and release by hand
- Lever lifts off and repositions freely
- Corrosion-protected design
