

## Positionsschalter pneumatisch für Vereinzeler VE2, VE2L, VA2 - Bosch Rexroth 3842528817

Item no. BRR-3842528817

Manufacturer Bosch Rexroth

Pneumatic position switch for sensing the position of the VE2, VE2L and VA2 stop gates in the VarioFlow plus chain conveyor system. It provides a reliable indication of the blocking state and ships with fastening material. The required M8x1 proximity switch is ordered separately.

### TECHNICAL DATA

|                        |          |
|------------------------|----------|
| Ausführungsklasse      | TEC      |
| Country of Manufacture | Italy    |
| Weight                 | 53 kg    |
| Zolltarifnummer        | 84313900 |

### DESCRIPTION

This pneumatic position switch senses the position of the VE2, VE2L and VA2 stop gates in the Bosch Rexroth VarioFlow plus workpiece pallet system. It is intended for designers and maintenance staff who need to reliably query the blocking and release state of a stop gate.

- Position sensing for the VE2, VE2L and VA2 stop gates
- Position sensor housing in PA, black
- Fastening parts in galvanized steel
- Supplied including fastening material

### TECHNICAL DATA

|                                           |                                                          |
|-------------------------------------------|----------------------------------------------------------|
| Required compressed air connection (pmin) | 4 bar                                                    |
| Required compressed air connection (pmax) | 6 bar                                                    |
| Pneumatic straight connection (Ø)         | 4 mm                                                     |
| Position sensor material                  | PA, black                                                |
| Fastening parts material                  | Steel, galvanized                                        |
| Scope of delivery                         | Incl. fastening material                                 |
| Required accessories                      | Proximity switch M8x1 with switching distance SN >= 2 mm |

Weight

0.053 kg
