DESCRIPTION

The Bosch Rexroth protective pane profile 10 frames safety panes and panel elements in slot 10 of aluminum strut profiles. It is intended for designers and machine builders who need to hold panels from 2 to 8 mm thick securely and without play.

- Rigid PP body with a soft TPE sealing lip for a clamping, rattle-free fit
- Tool-free assembly by clipping into slot 10
- Accepts panel thicknesses from 2 to 8 mm
- Modular dimension of 40 mm matching the framing system
- Supplied as a single rod 2000 mm long
