

# Gleitprofil GP 2/ST und Führungsprofil Staurollenkette, Stahl, ESD - Bosch Rexroth 3842532676

Item no. BRR-3842532676

Manufacturer Bosch Rexroth

Set of slide profile GP 2/ST and guide profile for the accumulation roller chain in the longitudinal transport of the TS 2plus transfer system. The slide profile is corrosion-resistant steel, the guide profile is PE. ESD design for building and servicing conveyor sections.

## TECHNICAL DATA

| Weight                 | 0.1 kg   |
| Zolltarifnummer        | 72224090 |

## STANDARDS & COMPLIANCE

ESD safe

## DESCRIPTION

The set of slide profile GP 2/ST and accumulation roller chain guide profile is part of the section unit components for longitudinal transport in the Bosch Rexroth TS 2plus transfer system. It is intended for system builders and maintenance teams who build conveyor sections or replace wear parts.

- ESD design for handling electrostatically sensitive components
- Slide profile GP 2/ST made of corrosion-resistant steel
- Accumulation roller chain guide profile made of PE
- Supplied as a packaging unit in standard length

## TECHNICAL DATA

|                       |                                                                                  |
|-----------------------|----------------------------------------------------------------------------------|
| Condition on delivery | Packaging unit in standard length                                                |
| ESD                   | yes                                                                              |
| Packaging unit        | 24+32                                                                            |
| Material              | GP 2/ST: steel, corrosion-resistant; accumulation roller chain guide profile: PE |

|                          |                                                                                                       |
|--------------------------|-------------------------------------------------------------------------------------------------------|
| <b>Scope of delivery</b> | 32 x slide profile GP 2/ST (L = 3000 mm), 24 x guide profile, accumulation roller chain (L = 2000 mm) |
| <b>Weight</b>            | 14.384 kg                                                                                             |
