

# Tragrolle D32, PE rot, für Lean Förderbahnen - Bosch Rexroth 3842532883

**Item no.** BRR-3842532883 **Manufacturer** Bosch Rexroth**Manufacturer no.** 3842532883

Idle roller with a 32 mm diameter made of red polyethylene for Lean conveyor tracks. Rated up to 120 N for light to medium loads. Used as a carrying roller in the conveyor sections of manual production systems.

## TECHNICAL DATA

Article authenticity	<b>Original product</b>
Colour	<b>Red</b>
Condition of article	<b>New</b>
Country of Manufacture	<b>Germany</b>
Weight	<b>0.012 kg</b>
Zolltarifnummer	<b>39269097</b>

## DESCRIPTION

The D32 idle roller is a polyethylene carrying roller for Lean conveyor tracks in manual production and rack systems. It guides bins and workpiece carriers along the conveyor section and is designed for light to medium loads.

- 32 mm diameter for common Lean conveyor track components
- Polyethylene material, low-friction and corrosion resistant
- Rated up to 120 N per roller
- Supplied in a packaging unit of 100 pieces
