

Stützlager LF20 für Laufrollenführung LF20S, Profilnut 10 - Bosch Rexroth 3842535665

Item no. BRR-3842535665

Manufacturer Bosch Rexroth

Supporting bearing LF20 that serves as a support point for the Bosch Rexroth LF20S roller guide. The housing is diecast aluminum and the cam roller is hardened, polished steel. It mounts in profile slot 10 and ships with the required fastening material.

TECHNICAL DATA

Country of Manufacture **Germany**

Weight **1.45 kg**

Zolltarifnummer **83022000**

DESCRIPTION

The Bosch Rexroth supporting bearing LF20 is a component of the LF20S roller guide and acts as a support point within the aluminum profile system. It is intended for design engineers and machine builders in assembly and handling technology.

- Diecast aluminum housing for high rigidity at low weight
- Hardened and polished steel cam roller for precise guidance
- Fastening material included in the scope of delivery
- Mounts in profile slot 10

TECHNICAL DATA

Profile slot **10**

Packaging unit **2**

Scope of delivery **incl. fastening material (FS)**

Fastening material **4x cylinder head screw DIN7984-M8x50, 2x sliding block groove 10 M8, 4x centering bolt D10/5**

Delivery information **lubricating felts ungreaed; greasing according to assembly instructions**

Material housing **diecast aluminum**

Material cam roller **steel, hardened, polished**

Weight

1.45 kg
