

Quertransport für EcoFlow, Kugel Edelstahl, Set(4) - Bosch Rexroth 3842536055

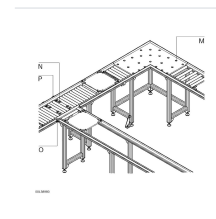

Item no. BRR-3842536055 **Manufacturer** Bosch Rexroth

Manufacturer no. 3842536055

Transverse transport set for the Bosch Rexroth EcoFlow manual production system. Stainless steel balls on galvanized steel brackets enable low-friction cross transport of workpiece pallets between linked conveyor sections. Fastening material is included.

TECHNICAL DATA

Article authenticity	Original product
Condition of article	New
Country of Manufacture	Germany
Weight	1.086 kg
Zolltarifnummer	84313900

DESCRIPTION

The transverse transport set extends the Bosch Rexroth EcoFlow manual production system and enables cross transport of workpiece pallets between linked conveyor sections. The stainless steel balls carry and guide the pallet, while the galvanized steel brackets provide a stable mount to the EcoFlow profile.

- Low-friction cross transport of workpiece pallets
- Stainless steel balls for a corrosion-resistant, durable running surface
- Galvanized steel brackets for stable mounting
- Complete set including fastening material

Technical data

Packaging unit	Set
Fastening material	8x T-bolt M6x16, 8x flange nut M6
Material information	Bracket: steel, galvanized; ball: stainless steel
Weight	1.086 kg
