

Hammermutter Nut 10 M8, Edelstahl, ESD - Bosch Rexroth 3842536603

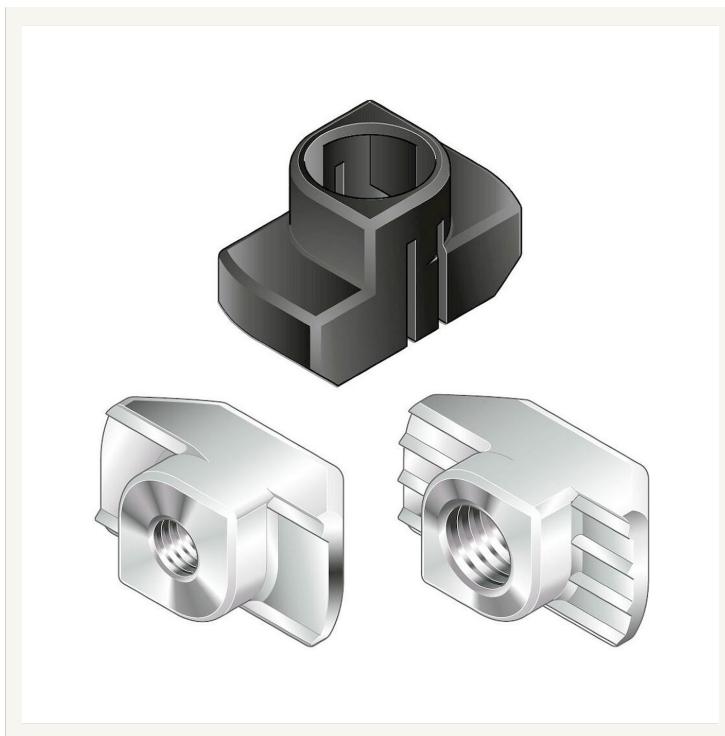

Item no. BRR-3842536603

Manufacturer Bosch Rexroth

Stainless steel T-nut for fastening add-on parts in slot 10 of aluminium profiles. ESD-capable with M8 thread and a groove retention force of up to 18000 N. Insert, turn a quarter and tighten - made for electrostatically protected assembly areas.

TECHNICAL DATA

Ausführungsklasse	ESD (antistatic)
Country of Manufacture	China
Weight	0.00584 kg
Zolltarifnummer	73181639

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The T-nut slot 10 M8 from Bosch Rexroth fastens add-on parts inside the profile slot 10 of aluminium profiles. It is inserted into the slot and locked in place with a quarter turn. The ESD-capable version suits electrostatically protected areas and requires an additional insulating cap.

- Stainless steel construction, corrosion-resistant and durable
- ESD-capable for use in EPA zones
- high groove retention from 6000 to 18000 N
- fast mounting by inserting and turning

TECHNICAL DATA

Profile slot	10
Thread size	M8
ESD	yes
Material	Stainless steel
Min. groove retention [Fmin]	6000 N
