Ausführungsklasse	ESD (antistatic)
Country of Manufacture	China
Weight	0.007 kg
Zolltarifnummer	73181639

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The T-nut is a fastening element for mounting attachments in profile slot 10 of aluminium strut profiles. It is inserted into the slot and locked in place with a quarter turn, so the bolted joint can be added afterwards at any point along the slot.

- Stainless steel design, ESD-capable for electrostatically protected areas
- M6 thread for the direct bolting of attachments
- High groove retention for secure, load-bearing connections
- Insulating cap available separately as required accessory

TECHNICAL DATA

Profile slot	10
Thread size	M6
Material	Stainless steel
ESD	yes
Min. groove retention (Fmin)	6000 N
