

Hammermutter 10 M5, Edelstahl, ESD - Bosch Rexroth 3842536605

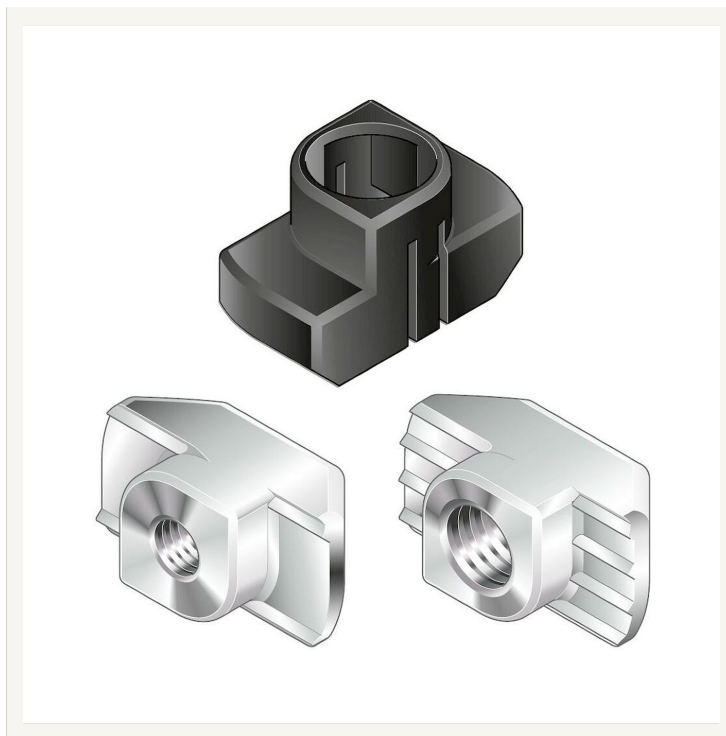

Item no. BRR-3842536605

Manufacturer Bosch Rexroth

Stainless steel T-nut for slot 10 profiles with M5 thread. The ESD-capable design inserts anywhere along the profile groove and supports conductive connections in aluminium profile framing. The insulating cap is the required accessory.

TECHNICAL DATA

Ausführungsklasse	ESD (antistatic)
Country of Manufacture	China
Weight	0.009 kg
Zolltarifnummer	73181639

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The Bosch Rexroth T-nut 10 M5 is used to join aluminium profiles with slot 10 after assembly. It is placed into the profile groove and locked with a quarter turn, allowing add-on parts to be fixed at any point along the profile. The stainless steel version is ESD-capable and suited to conductive workstations.

- Positioning at any point along the profile groove
- High groove retention forces for secure connections
- Corrosion-resistant stainless steel, ESD-capable

TECHNICAL DATA

Profile slot	10
Thread size	M5
Material	Stainless steel
ESD	yes
Min. groove retention [Fmin]	6000 N

Max. groove retention [Fmax]	18000 N
Notice	Groove retention refers to M8
Required accessory	Insulating cap
Packaging unit	100 pieces
Weight	0.009 kg
