## DESCRIPTION

This swivel-in T-slot nut is used to fasten add-on parts to aluminium profiles with profile slot 6. The swivel-in design allows it to be inserted into a slot even after assembly. Suitable for design engineers and fitters in machine and fixture construction.

- Swivel-in - can be added to closed slots after assembly
- Stainless steel material, corrosion resistant
- ESD-capable for electrostatically protected areas
- M4 thread to receive screws

A spring is required as an accessory to secure the nut in the slot.
