DESCRIPTION

The Bosch Rexroth SH 2/U-H switch bracket mounts an inductive proximity sensor in the TS 5 transfer system and positions it repeatably to detect workpiece pallets within the transport control. It is intended for system builders and maintenance staff who need a defined, repeatable sensor mounting.

- Diecast aluminum body for a stable, durable sensor mount
- Holds an M12 sensor, installable flush or not flush
- Fastening material included in the scope of delivery

Technical data

Material Diecast aluminum

Scope of delivery Incl. fastening material
Delivery condition Not assembled
Required accessories Sensor M12, SN = 8 mm, L \geq 44 mm, can be installed flush or not flush
Weight 0.112 kg
