

# Wartungsstrecke SRK VPlus, ESD, 400 mm - Bosch Rexroth 3842537320

**Item no.** BRR-3842537320 **Manufacturer** Bosch Rexroth**Manufacturer no.** 3842537320

Maintenance section SRK VPlus for the TS 2plus transfer system in longitudinal transport with the VPlus accumulation roller chain. ESD-capable, section profile in anodized aluminum, 400 mm length. Provides access to the conveyor chain for maintenance and cleaning work.

## TECHNICAL DATA

Article authenticity	<b>Original product</b>
Condition of article	<b>New</b>
Country of Manufacture	<b>Germany</b>
ESD-Ausführung	<b>TEC</b>
Weight	<b>0.007448 kg</b>
Zolltarifnummer	<b>84313900</b>

## STANDARDS & COMPLIANCE

**ESD safe**

## DESCRIPTION

The SRK VPlus maintenance section is a section-unit component of the Bosch Rexroth TS 2plus transfer system. It is used in longitudinal transport with the VPlus accumulation roller chain and provides access to the conveyor chain for maintenance and cleaning work. The section is ESD-capable and therefore suitable for areas with requirements for the protection of electrostatically sensitive components.

- ESD-capable for electrostatically protected work areas
- Section profile in anodized aluminum
- Pre-assembled delivery including fastening material

## Technical data

ESD	yes
Length (L)	400 mm

Profile material aluminum, natural, anodized  
Side cover PE  
Weight 0.007448 kg  
Scope of delivery 2x maintenance section elements (ST 2/R-H section profiles, FP 2/H-ST guide profiles, GP 2/H-Kst slide profiles), 4x side cover, 8x profile connector, fastening material
