

Röllchenstrecke D28, Leiste Stahl verzinkt, L=4500 mm - Bosch Rexroth 3842537776

Item no. BRR-3842537776 **Manufacturer** Bosch Rexroth

Manufacturer no. 3842537776

Flow-rail component from the XLean system for gravity flow racks. PP rollers on a galvanized steel rail move bins with low friction on a FIFO basis. Mounts on round tube D28.

TECHNICAL DATA

Article authenticity	Original product
Condition of article	New
Lenght	4500 mm
Weight	4.04 kg
Zolltarifnummer	84313900

DESCRIPTION

The Roller Section D28 is a flow-rail component from the Bosch Rexroth XLean system, used to build gravity flow and live storage racks. PP rollers on a galvanized steel rail guide bins and small load carriers toward the pick face on a FIFO basis.

- Low-friction material flow via PP rollers
- Corrosion-protected rail in galvanized steel
- Mounts on round tube D28 to suit the rack depth

Technical data

Attribute	Value
Length (L)	4500 mm
Rail material	Steel, galvanized
Roller material	PP
Required accessory	Round tube D28
Packaging unit	50
Weight	4.04 kg
