

Röllchenstrecke D28SK für Rundrohr D28, Stahl verzinkt, L 4500 mm - Bosch Rexroth 3842537777

Item no. BRR-3842537777 **Manufacturer** Bosch Rexroth

Manufacturer no. 3842537777

The D28SK roller section is a galvanized steel rail with PP rollers for XLean gravity flow systems. It clips onto round tube D28 to form a low-friction conveyor track for low-pressure transport of bins and workpiece pallets. Supplied at 4500 mm.

TECHNICAL DATA

Article authenticity	Original product
Condition of article	New
Length	4500 mm
Weight	2 kg
Zolltarifnummer	84313900

DESCRIPTION

The D28SK roller section is a roller rail for flow racks and gravity flow systems in the XLean range. It clips onto round tube D28 to form a low-friction conveyor track for low-pressure transport of bins and workpiece pallets.

- Galvanized steel rail for high load capacity and corrosion protection
- PP rollers for smooth running
- Clip-on mounting onto round tube D28 without additional fasteners
- Supplied in 4500 mm lengths for cutting to the required track length

Technical data

Length (L)	4500 mm
Rail material	Steel, galvanized
Roller material	PP
Required accessories	Round tube D28
Packaging unit	50
Weight	2 kg
