

Rolle D32 ESD schwarz, PA, Kraft 120 N - Bosch Rexroth 3842537961

Item no. BRR-3842537961 **Manufacturer** Bosch Rexroth**Manufacturer no.** 3842537961

Conductive idle roller D32 in polyamide for Lean flow rails. The black ESD version safely dissipates electrostatic charges and suits material flow in ESD-protected areas. Rated for up to 120 N per roller.

TECHNICAL DATA

Article authenticity	Original product
Colour	Black
Condition of article	New
Country of Manufacture	Italy
ESD-Ausführung	ESD (antistatic)
Weight	0.013 kg
Zolltarifnummer	39174000

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The idle roller D32 in black ESD design is a non-driven carrying roller for Lean flow rails in manual production and gravity flow rack systems. It guides material by gravity and is intended for use in electrostatically protected areas.

- Conductive (ESD) for safe dissipation of electrostatic charges
- Roller body in robust polyamide (PA) with 32 mm diameter
- Rated for up to 120 N per roller
- Low weight for smooth material flow

Technical data

ESD	yes
Color	Black

Material PA
Force [Fmax] 120 N
Weight 0.013 kg
Packaging unit 100
