

# Rolle D32SK ESD, Kunststoff rot - Bosch Rexroth 3842537964

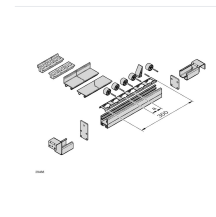

**Item no.** BRR-3842537964 **Manufacturer** Bosch Rexroth

**Manufacturer no.** 3842537964

ESD-safe plastic idle roller for lean conveyor tracks and flow racks. The red D32SK roller is rated up to 120 N and suits workstations with electrostatic discharge requirements. It guides bins and workpiece carriers smoothly along the material flow.

## TECHNICAL DATA

Article authenticity	<b>Original product</b>
Colour	<b>Red</b>
Condition of article	<b>New</b>
Country of Manufacture	<b>Germany</b>
ESD-Ausführung	<b>ESD (antistatic)</b>
Weight	<b>0.018 kg</b>
Zolltarifnummer	<b>39174000</b>

## STANDARDS & COMPLIANCE

ESD safe

## DESCRIPTION

The D32SK ESD idle roller is an electrostatically dissipative support roller for Bosch Rexroth lean conveyor tracks and flow racks. It guides bins and workpiece carriers smoothly through gravity-fed material flow and suits assembly and order-picking stations with ESD requirements.

- Electrostatically dissipative (ESD) for use in EPA areas
- Plastic roller (PA) with low rolling resistance and good wear behaviour
- Load capacity up to 120 N per roller
- Roller diameter 32 mm (D32)

## Technical data

ESD                    yes

Color	Red
Material	PA (polyamide)
Force [Fmax]	120 N
Roller diameter	32 mm
Packaging unit	100 pcs
Weight	0.018 kg
