Weight	0.047 kg
Zolltarifnummer	94039910

DESCRIPTION

The base plate PA D79 from Bosch Rexroth serves as the floor support for height-adjustable leveling and articulated feet in the aluminum profile system. It transfers the load of the structure to the floor and screws into place through its central hole. Suitable for machine, plant and fixture construction.

- plate made of polyamide (PA), corrosion-resistant and electrically insulating
- central hole for simple screw fitting to the floor
- combines with the spindles of the modular system
- compensates floor irregularities up to 10 degrees together with an articulated spindle
