**ESD safe**

## DESCRIPTION

The vertical clamping piece D18 L160 is used for the flexible mounting of side guides on the Bosch Rexroth VarioFlow plus chain conveyor system. It accepts vertical guide rods of 18 mm diameter and is aimed at design and maintenance engineers in material flow applications.

- Continuous height and position adjustment of the side guide
- Clamping body made of polyamide, screw and nut made of stainless steel
- 160 mm length for a secure clamping fit

## Technical data

Color	Black
Material	PA (polyamide)
Material information	Clamping holder PA; nut and screw stainless steel
Rod diameter	18 mm

Length	160 mm
Required accessory	Plug
Packaging unit	10 pieces
Weight	0.052 kg
