

Hubmodul F1000, Hub 410 mm, 1000 N, ESD - Bosch Rexroth 3842558629

Item no. BRR-3842558629

Manufacturer Bosch Rexroth

Electric lifting module for the continuous height adjustment of workplaces, even under high loads. Lifting force up to 1000 N per module, suitable for compression forces only. Attaches via mounting plates at the face sides or the integrated 10 mm slot; ESD-enabled.

TECHNICAL DATA

Country of Manufacture	Germany
Lenght	410 mm
Weight	9.5 kg
Zolltarifnummer	84281020

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The Bosch Rexroth F1000 lifting module provides continuous height adjustment of workplaces, even under high loads. It is designed for compression forces only and suits ergonomically adjustable assembly and work stations. It operates together with a separate control unit that synchronises 1 to 4 lifting modules in parallel.

- Lifting force up to 1000 N per module, for compression load only
- Attachment by mounting plates at the face sides or via the integrated 10 mm slot
- Connection cable on the left or right side, cable length approx. 2000 mm
- ESD-enabled, mounting plates connected in a conductive manner
- Diagonal cover cap reduces the crushing risk

TECHNICAL DATA

Force F	1000 N
Stroke [L]	410 mm
Compression load [Fmax]	1000 N
