

Druckwellen-Schaltleiste 2 m, Kollisionsschutz - Bosch Rexroth 3842540129

Item no. BRR-3842540129

Manufacturer Bosch Rexroth

The pressure wave control strip provides mechanical collision protection at height-adjustable workstations with lift modules. It responds to even slight pressure and makes the lift modules retract. The self-adhesive backing allows simple installation, and the strip can be cut to the required length.

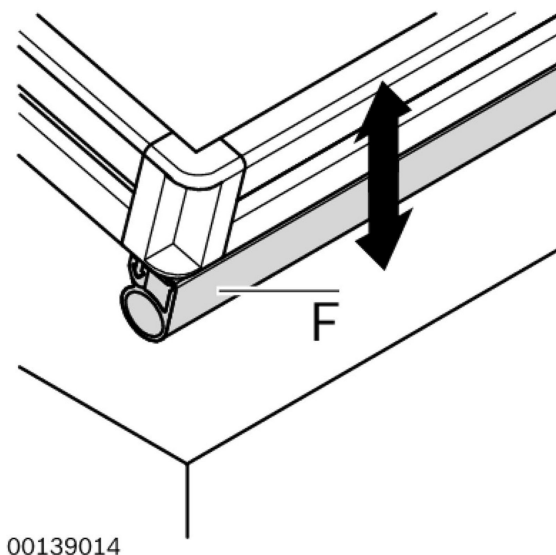

TECHNICAL DATA

Country of Manufacture **Germany**

Length **2 m**

Weight **0.311 kg**

Zolltarifnummer **40094100**

DESCRIPTION

The pressure wave control strip provides mechanical collision protection at height-adjustable workstations equipped with lift modules. It connects to the control unit via the pressure wave sensor and is intended for designers and operators of ergonomic assembly workstations.

- Even slight pressure on the strip triggers a signal, after which the lift modules retract a few millimetres in the opposite direction
- Self-adhesive backing for simple installation
- Can be cut to the required length

TECHNICAL DATA

Length	2 m
Weight	0.311 kg
Backing	self-adhesive
Length adjustment	can be cut to length
Function	mechanical collision protection
