

# **Parallelverbinder N10, Stahl verzinkt - Bosch Rexroth 3842542736**

Item no. BRR-3842542736

Manufacturer Bosch Rexroth

The N10 parallel connector joins two strut profiles gap-free, parallel to the axis or at any angle. It consists of two sliding blocks with welded springs for simple assembly. The interior connection looks attractive, for example on material shelves.

## **TECHNICAL DATA**

Country of Manufacture **China**

Weight **0.042 kg**

Zolltarifnummer **83024900**

## **DESCRIPTION**

The N10 parallel connector joins two strut profiles gap-free, parallel to the axis or at any angle. It is intended for jig and frame construction using aluminum profiles with slot 10.

- Gap-free connection of two strut profiles, also at any angle
- Two sliding blocks with welded springs for simple assembly
- Attractive-looking interior connection, for example for material shelves
- Transferable displacement force of 600 N per connector
