ESD safe

DESCRIPTION

The AL 45/30 LIFTOFF hinge in the left version connects doors, flaps and covers to aluminum profiles. It is detachable, so hinged components can be lifted off without tools, and it suits ESD areas in special machinery and fixture construction.

- Detachable design for quick removal of the door
- ESD-capable for use in electrostatically protected areas
- Connects profile widths 30 and 45 with slot 8 and 10
- Complete with fastening material included
