DESCRIPTION

The Bosch Rexroth AL 45/30 hinge connects doors and flaps to the aluminum profile system and is designed for right-hand mounting. The detachable lift-off function allows the door to be removed without tools, for example during maintenance or cleaning. The ESD-capable component suits areas with electrostatic discharge requirements.

- Detachable (lift-off) - door removable without undoing the screw connection
- ESD-capable for electrostatic protected areas
- Connects profile 30 to profile 45, suitable for slot 8 and 10
- Fastening material for both slot sizes included
