ESD safe

DESCRIPTION

The AL 30/30 hinge from Bosch Rexroth connects doors, flaps and covers built from aluminum profiles and is intended for designers and fitters in machine building, guarding and fixture construction. The detachable lift-off version allows the door to be removed without tools, and the right-hand variant suits right-hinged doors.

- Detachable design for quick door removal during maintenance and cleaning
- ESD-capable for applications with electrostatic requirements
- Die-cast aluminum, painted, rated for a force up to 300 N
- Supplied as a pack of 2 including fastening material for slot 8
