DESCRIPTION

The Bosch Rexroth sealing strip 40/40 seals doors wider than 500 mm in aluminium profile structures. It simply clips into profile slot 10 and closes the door gap with a non-transparent elastic lip seal. Designed for guarding and fixture construction in assembly technology.

- Clips into profile slot 10, no additional fixing material required
- Non-transparent elastic lip seal covers the door gap
- Stop for swing doors with an impact force of 500 N/m
- Suitable for flush-closing doors
