## DESCRIPTION

The Bosch Rexroth end plate 845/195 serves as the front end closure for line units with dumbbell rollers in the longitudinal transport of the TS 5 transfer system. It is intended for system builders and maintenance teams who need to cleanly delimit a line section and finish the line end in a defined way.

- Suitable for line units with dumbbell rollers in the TS 5
- Galvanized steel construction for corrosion protection
- Designed for a track width of 845 mm and a roller spacing of 195 mm
