

Gleitleiste VFplus Premium, PE-UHMW, Länge 30 m - Bosch Rexroth 3842546116

Item no. BRR-3842546116

Manufacturer Bosch Rexroth

PE-UHMW slide rail for the VarioFlow plus chain conveyor system (STS clamping conveyor). The low-friction plastic rail forms the running surface for the conveyor chain and is selected to match the conveyor size. Supplied as a single rod in 30 m standard length.

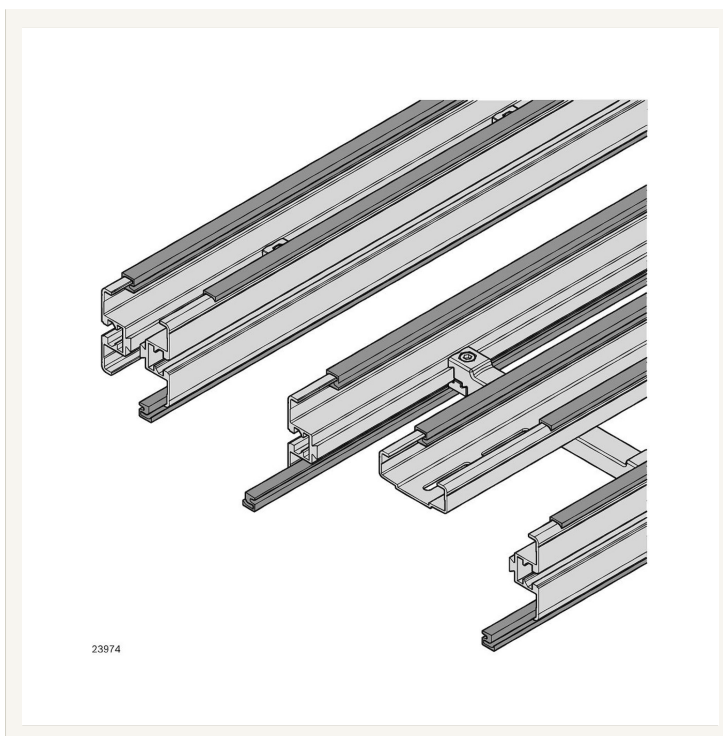

TECHNICAL DATA

Ausführungsklasse **TEC**

Country of Manufacture **Germany**

Weight **2.2 kg**

Zolltarifnummer **39269097**

STANDARDS & COMPLIANCE

ISO 7050 DIN 7982

DESCRIPTION

The VFplus Premium slide rail is a wear and functional part for the Bosch Rexroth VarioFlow plus chain conveyor system, designed for building clamping conveyors (STS). It forms the low-friction running surface that guides the conveyor chain and is intended for system builders and maintenance teams working on assembly and conveying lines.

- PE-UHMW material with a low coefficient of friction and high wear resistance
- Available for sizes 65, 90, 120, 160, 240 and 320 mm
- Supplied as a single rod in 30 m standard length for cutting to length on site

TECHNICAL DATA

Condition on delivery Single rod in standard length
