

Kipphebel SAFETY Set für EcoSafe-Schutzrahmen - Bosch Rexroth 3842546560

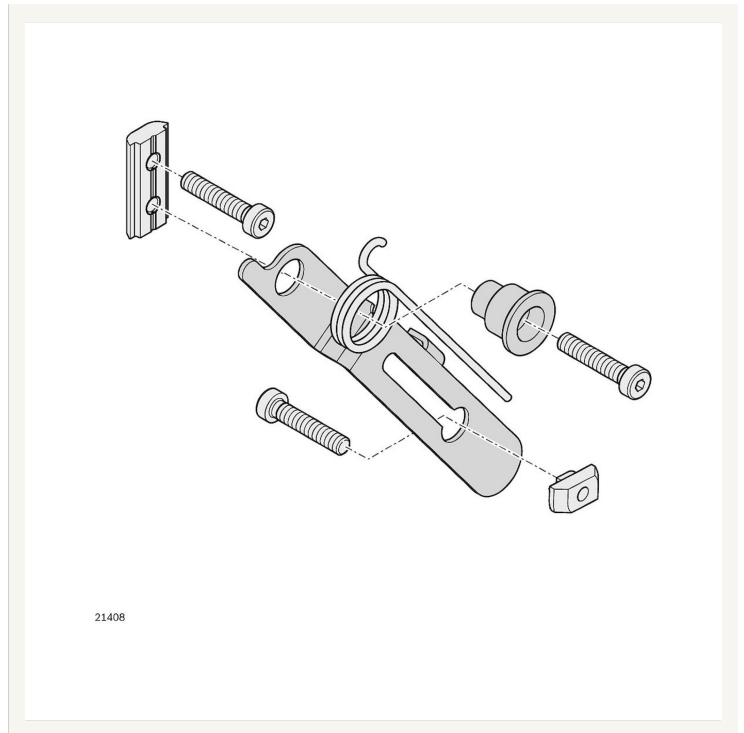

Item no. BRR-3842546560

Manufacturer Bosch Rexroth

The tilt lever allows EcoSafe protective frames to be removed with minimal tooling in compliance with Machinery Directive 2006/42/EC. Its long-arm spring tilts the released frame outwards, making the detached state clearly visible and preventing the frame from falling out. Retrofitting is possible; installation on both sides is recommended for frames wider than 1500 mm.

TECHNICAL DATA

Country of Manufacture	Germany
Weight	0.111 kg
Zolltarifnummer	83024900

DESCRIPTION

The tilt lever SAFETY set allows EcoSafe protective frames to be removed with minimal tooling and meets the requirement of Machinery Directive 2006/42/EC when detaching protective frames. It is intended for designers and maintenance staff working with guarding in machine and plant construction.

- The long-arm spring tilts the released frame outwards, so the detached state is clearly visible
- The protective frame cannot fall out
- EcoSafe protective frames are easily removable
- Retrofitting is possible
- Installation on both sides recommended for EcoSafe protective frames wider than 1500 mm
- Not suitable for installing the protective frame across a corner

TECHNICAL DATA

Packaging unit	1
Scope of delivery	Holding plate, spacer, long-arm spring, fastening material FS
Material	Holding plate: stainless steel; spacer: aluminum; long-arm spring: spring steel
Fastening material	1x cylinder head screw DIN7984-M5x20, 1x sliding block 10 2xM5, 1x cylinder head screw DIN7984-M5x20, 1x T-nut groove 8 M5
Weight	0.111 kg
