**ESD safe**

## DESCRIPTION

The section profile is the load-bearing straight-track element of the Bosch Rexroth VarioFlow plus aluminum conveyor system and guides the conveyor chain along the straight run. It is intended for planners and maintenance teams building workpiece-carrier and unit-load conveyors.

- Open 1/2 form for the VarioFlow plus conveyor section
- Profile slot 10 for mounting slide rails and accessories
- Anodized aluminum - corrosion resistant and low maintenance
- Supplied not assembled as 2 bars of 3000 mm
