DESCRIPTION

The swivel-in T-slot nut 8 from Bosch Rexroth is used to retrofit add-on parts into aluminium profiles with profile slot 8. It is placed into the slot, swivelled into position and held by a spring, which allows mounting even on an already assembled profile frame.

- Swivel-in design for later mounting without access to the profile end
- Spring keeps the nut in the required position
- Stainless steel material for improved corrosion resistance
- ESD-capable for areas with dissipation requirements
